RELEVANT EXPERIENCE

Product Designer

Flipstream

Aug 2023 - Present

- Lead the end-to-end design of Pulse, a data analytics and reporting platform tailored for marketing agencies.
- Design core features including custom dashboards, data explorer, widget studio, reporting snapshot, and SERP scraper.
- Built Flipstream's comprehensive design system and redesigned their marketing site as part of their rebrand.

UX Designer

Zenyum

Nov 2023 - Present

- Partnered with Product Owners to improve 8 B2C and B2B products used by patients, internal teams, and partner clinics.
- Designed FPS, a digital self-checkout platform supporting patients from consultation to treatment. ~75% of treatment plans are now approved on FPS.
- Redesigned the mobile app to improve treatment visibility, tracking, and patient engagement.

Associate Managing Consultant

Mastercard Advisors

Nov 2020 - Apr 2022

- Delivered insights and recommendations through research and analysis to help clients achieve project goals.
- Managed projects, including stakeholder management, progress monitoring, delivery, and risk management.
- Supported launch of Mastercard Trends platform in APAC via validating data, identifying product improvement opportunities, and managing external project vendor.

Consultant

Monitor Deloitte SEA

Jun 2016 - Oct 2020

- Solved client business issues, focusing on growth strategy, market entry, go-to-market, and digital roadmap.
- Conducted market research, stakeholder workshops, financial modelling, data analysis, and business assessment.
- Designed and deployed CAPEX Prioritization dashboard for a Vietnam telecom operator to analyze ~\$10M worth of annual investments and identified 30% potential savings.
